Bio

I am a very determined and confident actress who is passionate about film and drama. It has been my lifelong ambition to become a professional actress and I have always put in extra time and effort to perform to the very best of my ability. I take instruction well but also enjoy using the various acting skills I have developed to personalise my performances and add as much authenticity to the role as possible. I have a great sense of humour and love showing all ranges of emotion in my acting. I embrace challenges and love working in groups but I am also confident in solo roles.
